

AutoMeter BVA-350PR

Applications Systems	6V & 12V Automotive & Commercial Starting Batteries, 12V Starting and Charging Systems
6V Tests	Battery Check and Load Test
12V Tests	Battery Check and Load Test, Alternator/Stator Diodes and Regulation Test, Starter Draw Test, Automated Voltage Drop
Operational Temperature	0-120°F
Operational Humidity	0-85%
Dimensions	4.5"x7.1"x1.4"
Weight	1.3 lbs
Battery Voltage	6 & 12 Volt
Battery Types & Voltage	Flooded & AGM
Battery Range	100-1600 CCA
Automated Load	40 amp
Alternator Test	Yes
Stator Diode Test	Yes
Starter Draw Test	Yes
Memory	50 Tests
Language	English
Internal Battery	9 volt DC
External Volt Leads	Yes
